## Exploring the Wonderful World of Diamonds Hands On Workshop

As GIA alumni, we are all familiar with the 4Cs of diamonds, but have you seen **aventurescence in a diamond?** And what is your favorite color in a fancy colored diamond? Could it be **fancy white?** The GIA Alumni Association (HK Chapter) is hosting a Diamond Workshop where you will be able to **see strange phenomena in diamonds, unique inclusions as a result of structural irregularities, and uncommon fancy colors.** You will also witness **chameleon diamond changing color before your eyes.**

Generously sharing their special diamond collection and expertise with us are Eddie Fan and Joanne Chan. Eddie is a keen gemologist who has been in the jewelry and diamond trade for over 30 years. His passion is in collecting strange and wonderful diamonds and gems. Joanne is the Chief Gemologist at a Laboratory in Hong Kong. Come and share a fun, interactive workshop with us. Details as follows:
